Playback Theatre is based on oral storytelling traditions, and moves freely between the mythic and the mundane. You, the audience member, may choose to sit in the "teller's chair" where your real-life story will be "played back" by the actors. We use improvisation, movement and music to create fascinating, funny, dramatic and deeply moving stories.

Playback is a form of theatre unlike any other. It changes lives and enriches communities. It is fun, daring; it can change the way you look at yourself and the world.
