**What is Playback Theatre?**

Playback Theatre is based on oral storytelling traditions, and moves freely between the mythic and the mundane. You, the audience member, may choose to sit in the "teller's chair" and have a memorable moment from your life "played back" by the actors. We use improvisation, movement and music to retell your stories in fascinating, funny, dramatic and deeply moving ways. Playback Theatre is fun and daring.

**On Sunday June 25**, come explore and share stories of peace. Discover our common challenges and successes. Playback is a form of theatre unlike any other: it changes lives and enriches communities and it can change the way you look at yourself and the world.
